This is not only a book of instruction in chainmaking but it is also a work celebrating man's continuous creativity over thousands of years. At times something that man creates has far-reaching effects; an example that quickly comes to mind is the wheel, which has enabled many developments, from pottery to computers.

Classical Loop in Loop Chains is an amazing book and
one of the first I was introduced to as a budding
metalsmith. The basic concept here in making loop in loop
chains is that a series of small loops of wire are made and
then fused closed.
