beginning, it was clear to us that the evaluation should provide value

Fahim Quadir | Division of Social Science | York University

This course offers a concise, yet critical and systematic analysis of development planning and management. It emphasizes a close link between development theory and practice, and thus aims to provide a deeper understanding of the processes by which development plans are formulated, projects are

in the Era of Restructuring - apps.dtic.mil

The development of advanced technologies is an extraordinary challenge to the Soviet economic system, demanding radical departures from the way in which the Soviets have been accustomed to proceed with industrialization and the more traditional technologies. But the spirit, if not the letter, of restructuring has, so far at least, appeared not radical enough to meet that challenge. The
