Early Adulthood in a Family Context provides insight on a contemporary cross-section of families that are diverse in terms of class, ethnicity, immigrant status, and economic circumstances. Focusing on family characteristics and dynamics that promote successful transitions to early adulthood, the book presents new theories, methodologies, and findings about the familial experiences and behaviors of young adults with their parents, partners, and offspring. Contributors also warn against

Early Adulthood in a Family Context, based on the 18th

annual National Symposium on Family Issues, emphasizes

the importance of both the family of origin and new and

highly variable types of family formation experiences that

occur in early adulthood. This volume showcases new

theoretical, methodological, and measurement insights in

hopes of advancing understanding of the influence of the

family of origin on young adults' lives. Both family

resources and constraints with respect to economic
