Pardon my French but "Gone Girl" by Gillian Flynn is a fucking masterpiece! Twist after twist after twist. You think the plot is going one way, and then it spits venom in your face, gives you a heart attack, and just for the hell of it, turns itself into a three-headed monster just to save face. Whew! I know a lot of people gripe about the ending, but I thought it was 100% accurate of Nick and Amy.
