The various roles of service firms in innovation processes are mapped out by identifying five basic service innovation patterns. This framework is used to make an analysis of the role played by knowledge-intensive business services (KIBS) in innovation. KIBS are seen to

**Knowledge intensive business services - Wikipedia**  
Knowledge Intensive Business Services (commonly known as KIBS) are services and business operations heavily reliant on professional knowledge. They are mainly concerned with providing knowledge-intensive support for the business processes of other organizations.

**KNOWLEDGE-INTENSIVE BUSINESS SERVICES AS CO-PRODUCERS OF ...**

The various roles of service firms in innovation processes are mapped out by identifying five basic service innovation patterns. This framework is used to make an analysis of the role played by knowledge-intensive business services (KIBS) in innovation. KIBS are seen to function as facilitator, carrier or source of innovation, and through their almost symbiotic relationship with client firms, some KIBS function as co-producers of innovation. It is further argued that, in addition to discrete

**Knowledge Intensive Business Services (KIBS): bibliometric ...**

Introduction. Since the initial paper by Miles et al. (1995), literature has pointed to a new pattern of business innovation, due to the inability of traditional companies to make innovations by using the current management approach, defined as Knowledge Intensive Business Services KIBS.
