opt-discount-reading-help Reading Buddy Software

At pre-test, students' reading accuracy and fluency were evaluated on a training word list, generalization word list, and reading passages. Students were then randomly assigned to one of three group conditions: control (students practiced word lists alone), tutor-assisted, and computer-

assisted and given three training sessions. Results indicated that students practicing alone did not

Reading Programs for Struggling Kids - Smart First Graders

Letter combinations are presented in a logical order so that in the first day or so your child is already reading short sentences without help. These progress in a way that build on each other, so kids are able to connect patterns. After each lesson is a list of words that your child should then be able to read.
