Description : Secession in International Law argues that the effective development of criteria on secession is a necessity in today's world, because secessionist struggles can be analyzed through the legal lens only if we have specific legal rules to apply. Without legal rules, secessionist struggles are dominated by politics and sui generis approaches, which validate secessionist attempts. **Self-Determination and Secession Under International Law ...**

Reference re Secession of Quebec, [1998] 2 S.C.R. 217. The Canadian Supreme Court indicated that it may be possible to argue that international law recognizes the right to external self-determination for a people who has been blocked from the meaningful exercise of its right to self-determination internally.

Secession - Wikipedia

Secession theory. There is a great deal of theorizing about secession so that it is difficult to identify a consensus regarding its definition. There is also a claim that this subject has been neglected by political philosophers and that by the 1980s - when it finally generated interest - the discourse concentrated on the moral justifications.

Self-Determination and Secession in International Law ...

The book reassesses the right to self-determination and secession in the light of recent developments, focusing particularly on the Commonwealth of Independent States (CIS). What are the implications of self-determination if the principle is applied outside the context of decolonization? The book analyses the role of self-determination and
