This is a good question that is difficult to answer. To me, Steampunk has always been first and foremost a literary genre, or least a subgenre of science fiction and fantasy that includes social or technological aspects of the 19th-century (the steam) usually with some deconstruction of, reimagining of, or rebellion against parts of it (the punk). The Steampunk Workshop

I'm in the process of building a 2 x 72 belt grinder powered by the permanent magnet motor from an old treadmill. The business end of the grinder is a pair of rollers and platen that supports the sanding belt.
