Cause & Effect Essay: Natural Disasters and Their Causes ...

The two natural causes of wildfires are the sun's heat and lightning strikes, while they can also be caused by campfires, smoking, fireworks and many other things. The reasons that they spread so quickly are prolonged hot, dry weather, where the vegetation dries out, which is why they often take place in woodland.

Cause and Consequence | Historical Thinking Project Cause and Consequence The historian, like the insurance investigator, sifts through evidence to determine the causes of events often from a multitude of possibilities. Unlike the investigator, though, the historian is also interested in the event's consequences.

The Cause and Effect of Substance Abuse and Mental Health ...

Work is still being done to determine the direct causes of substance abuse and mental health issues. While there is still much to be discovered, it is known that a number of factors play into the development of these disorders, and many of these factors are similar across both mental health and substance abuse issues.
