[The Constitution of the United States | National Archives](#)

The Constitution acted like a colossal merger, uniting a group of states with different interests, laws, and cultures. Under America's first national government, the Articles of Confederation, the states acted together only for specific purposes.

United States Constitution - Wikipedia

The United States Constitution is the supreme law of the United States. The Constitution, originally comprising seven articles, delineates the national frame of government.

The Constitution

Constitution for the United States of America. Article. I. SECTION. 1. All legislative Powers herein granted shall be vested in a Congress of the United States, which shall consist of a Sen-ate and House of Representatives.

SECTION. 2. The House of Representatives shall be composed of Mem-bers chosen every second Year by the People of the several States, and the Electors in each State shall
