[Surveillance Cameras & Home Security Cameras Best](#)

Many home security systems come with cameras, which can be useful for keeping track of when the kids come home from school or to check what your rambunctious puppy is up to. Some cameras feature night vision capabilities so you can see what's going on around your house after the sun goes down. Cameras with motion detection features will send you automatic alerts when they detect activity.

[Security & Surveillance Cameras | Indoor & Outdoor | Staples](#)

With wireless security cameras, you never have to worry about running cables to inconvenient camera locations, so you can place each unit in spots that might otherwise be inaccessible. Systems with remote operation let you turn the camera on or off from afar, while Internet-accessible units give you an instant real-time view of your business from any computer, tablet, or smartphone.
